(Software Engineer Experienced)

Technical Summary

- Having **2.6 Years** of experience in Software Development using JEE technologies, Java frameworks and Restful services.
- Good understanding and working knowledge of Object Oriented Programming concepts.
- Hands on Experience in **spring (Core, MVC, ORM) Hibernate, Restful**.
- Good exposure on using Servers like **Tomcat, WebLogic**.
- Having knowledge of implementing different design patterns like **Singleton class, Factory classes**.
- Good exposure in using **Agile Methodology**.
- Project experience using **Eclipse**.
- Worked on different tools like **Git, Maven**.
- Good understanding of **Software Development Life Cycle (SDLC)** process in the areas of **Requirements Analysis, Design, Implementation**.
- Highly flexible and capable of learning new tools and Technologies.

Work Experience

- Working as a **Software Engineer** in **Volante Technologies India Pvt. Ltd. in Hyderabad** Location from **October 2020** to Present.
- Worked as a **Software Engineer** in **Hydes Software Solution in Hyderabad** Location from **August 2018** to **July 2020**.

Education Qualifications

- M.C.A (Master of Computer Application) from **National Institute of Technology Jamshedpur** in 2018.

Technical Skills

Programming Languages	:	Core Java 1.8, Python.
Scripting Language	:	UNIX & Shell Programming.
Operating Systems	:	Windows 8/10, Unix/Linux.
UI Technologies	:	Html, CSS.
Database Software	:	Oracle 10g/11g, MongoDB.
Servers	:	Tomcat.
Framework	:	Spring (IOC, DAO, MVC, ORM, Security), Spring Boot.
ORM	:	Hibernate/JPA.
Web Services	:	Restful (Jersey).
IDE	:	Eclipse, STS.
Tools	:	Maven, GitHub, Log4j, Eclipse, Postman, Swagger, ActiveMQ, RabbitMQ, Kafka.
Problem Solving	:	Data Structure/Algorithms (Array, String, Linked List, Stack, Queue, Binary Tree, BinarySearchTree, Heap, Sorting, Searching).

Project Summary

Project : #1	Citi ISO 20022
Role	Developer & Production Support
Description : Citi is building its core ISO 20022 capability using Volante's Volpay migration offering that enables the sending and receiving of the messages as well as the usage of the enhanced associated data throughout the transaction lifecycle for sanctions screening, AML monitoring, reporting and reconciliation.	
Duration	October 2020 - Present
Team Size	59
Technologies	Java, MongoDB, RabbitMq, ActiveMq, Zookeeper, Kafka.
Tools	Maven, Git, Volante Designer, Log4j, Postman, Volpay
Roles and Responsibilities : <ul style="list-style-type: none">• Understanding the business requirements.• Involved in coding for the assigned module.• Build the kazak Application.• Deploy The Kazak Application.• Process the Payment Sample and Analays the Actual and Expected Output.• Perform the Unit testing to check the Application.	

Project : #2	Bus Booking System (BBS)
Role	Developer
Description : Our Bus Booking System Facility provides Online Bus Reservation System. In our System we provide different types of buses categories like Express, Volvo, AC or Non AC etc. In our system we manage all types of Passenger data & bus data. All details that are related to Traveling like fare details, Seat availability, details of Booking, bus details, seating arrangements, inquiry etc. In our system we provide the features to the passenger like the passenger could choose the available seats own itself that is not provided by any other Agency. Our System also provides the facility like the Bus Boarding and the admin has facility to send Email & SMS.	
Duration	Sep 2018 – June 2020.
Team Size	5
Technologies	JDK 1.8, Spring Boot 1.x, Hibernate 4.1, JAX-RS 2.0 Jersey, Oracle10g.
Tools	Maven, Git, Eclipse, Log4j, Postman.
Roles and Responsibilities : <ul style="list-style-type: none"> • Understanding the business requirements and handle the middleware Services. • Involved in coding for the assigned module. • Responsible for coding classes like Spring Controller, Service and DAO Layers • Used Hibernate ORM tool for persistence logic in DAO layer. • Perform the Unit testing to test the API's. 	

Extra Activity:

1. Competitive Coder (<https://www.hackerrank.com/ramandwivedikan1>).
2. HacherRank Basic Java certificate (ID: OCE842AD24C3) No Expiration Date.
3. HackerRank Problem Solving (Intermediate) certificate (ID: B397013BB161) No Expiration Date.

Declaration

I hereby declare that the information furnished above is true to the best of my knowledge.

Place: Hyderabad
